Emergency Procedures

If there is an emergency from 8AM to 4PM, you should go to the main office in Micklewright Lodge, or call the office on any camp telephone. Inform the office staff of exactly what has happened and what is needed (ambulance, first aid supplies, clean up kit, etc.) That person will then make the proper phone calls. If the business office is closed, contact an Edwards Staff member on the on-call cell phone when campers are on site.

Camp Edwards On-Call Cell Phone – (262) 527-0166

If you need to call the ambulance yourself, use the phone in the Infirmary, Loft, Hoffer Lodge, Runge Lodge or Micklewright foyer. Dial 82-911 for the emergency service. The camp address is **N8901 Army Lake Road**. Be sure to tell them what building or area of camp to come to. Please contact the camp staff if you have called emergency services so that they can aid in getting Emergency services to the right location.

If you need to drive someone to receive further care, the closest emergency room and urgent care are located at Pro-Health in Mukwonago.

****For emergency purposes, make sure your school has an emergency vehicle to transport students with minor injuries to medical facilities and a cell phone for emergency contact purposes.**
